HISTORY OF PAMBRIA STUDS

The Pambria Poll Dorset stud was established in 1991 with the entire 1989 drop of ewes from the Beredale stud. The Beredale stud, founded by the Young family in 1964 had been highly successful in both show and sale rings. It was sold to the Dissegna family in 1989 and has recently been integrated into the Warburn stud.

The Pambria White Suffolk stud was founded in 1997 with the transfer of top line Poll Dorset ewes and the purchase of Renrut 54/96. His twin 55/96 was purchased by Warburn stud and both rams proved to be outstanding sires.

Our objectives are to breed easy care, long, structurally sound, commercially focused sheep with good doing ability enabling them to be marketed at any age.

RECENT HIGHLIGHTS

- 2001 Top price flock rams Griffith ram sale
- 2003 Top price flock rams Griffith/Leeton ram sale
- 2004 Top price flock rams Barellan ram sale
- 2005 Top price and second top price Griffith/Leeton ram sale
- 2006 Inaugural on property sale
- 2007 Top priced ram sold to Penrise stud Tasmania

Poll Dorset Sires
